MedCockpit

SOLUTIONS FOR PATHOLOGISTS

SOLUTIONS FOR PATHOLOGISTS

MedCockpit for Pathologists fits into the center of a histology lab's workflow. It is a suite of secure, cloud-based software helping pathologists to increase productivity, improve report quality and reduce errors.

The solution makes it possible to increase your productivity by 30% while improving report quality and supporting remote pathology sign-out.
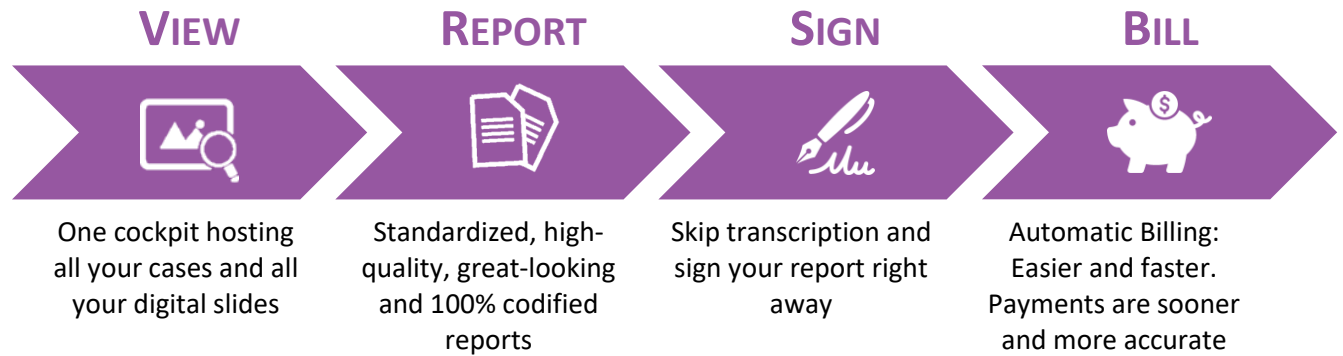

MedCockpit for Pathologists covers:
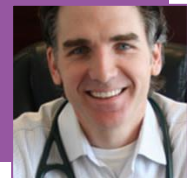

- View
- Report
- Sign
- Bill

A SIMPLIFIED WORKFLOW IS THE KEY TO YOUR PRODUCTIVITY

MedCockpit proposes a simplified and faster workflow to manage each case. The workflow keeps the most important 4 steps to improve your productivity and increase report quality.

VIEW	REPORT	SIGN	BILL
One cockpit hosting all your cases and all your digital slides	Standardized, high-quality, great-looking and 100% codified reports	Skip transcription and sign your report right away	Automatic Billing: Easier and faster. Payments are sooner and more accurate

"MedCockpit helped us increase our team productivity by 30% and improve quality at the same time. It's a game changer!"

Dr. Martin Robichaud,
Medical Director at NB Vitalité

How it Works

VIEW
One cockpit hosting all your cases and all your digital slides

- Quickly get the status of all your cases
- Easy access to all digital slides
- Attach annotations to your report
- Mobile device friendly
- Scanner image format agnostic
- One-click consultation
- Get notification when a new case is assigned, additional material is made available or when a case status changes

REPORT
Standardized, high-quality, great-looking and 100% codified reports

- Everything is codified so statistics or reports are easy to extract
- Increased report quality
- Organ based set of customizable pre-defined diagnoses
- Synoptic Reports: 104 up-to-date CAP protocols in English and French

SIGN
Skip transcription and sign your report right-away

- Quality guardrails help you ensure every detail is covered
- No need for transcription, so your report can be sent right now!

BILL
Automatic billing: Easier and faster, payment is sooner and more accurate

- Automated billing
- Don't miss any code
- Codes are automatically updated when needed

"MedCockpit is truly a next-level, cloud-based digital pathology solution which allows users to sign out hematopathology and pathology cases in a very user friendly, simplified, and organized way! "

Dr. Hakan Buyukdere, MD, FRCPC
Staff Hematopathologist,
Eastern Ontario Regional Laboratory Association
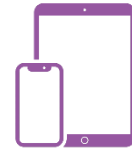

FLEXIBLE AND EASY

DIGITAL OR NOT

MedCockpit embraces digital pathology and traditional processes.

WORK FROM HOME

Work from anywhere, including in the lab, at home or any remote location.

MOBILE FRIENDLY

The solution can run on mobile devices. While away you're your desk, manage urgent cases directly from a tablet or your phone.
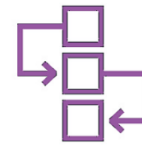

YOUR DIAGNOSTICS

Import your own diagnostics or/and use protocols provided within the solution.

CAP PROTOCOLS ENABLED

All 104 CAP protocols in English and French are available if you subscribed to the CAP.

ANY LIS

Connect to your LIS to fit into your ideal workflow. Integrate to any LIS in a few different integration strategies.

SECURE

The solution is certified ISO/IEC 27001, an international and strict standard to manage information security, confidentiality, integrity, and availability.

FAST

Your data is isolated and hosted within your region, close to you, increasing security and speed.

CLOUD BASED

Simple and quick deployment on the Microsoft Azure cloud infrastructure making it easy to scale at minimal costs.

USING MEDCOCKPIT IS AS SIMPLE AS 1, 2, 3…

3 steps to give it a try
